POSTGRADUATE DIPLOMA IN EDUCATION

PROGRAM OVERVIEW

SEA offers a 24 credit hour Level 8 Postgraduate Diploma in Education. Level 8 is a graduate level program that is higher than a bachelors degree (Level 7) in accordance with the UAE Ministry of Education QF Emirates National Qualifications Framework. Available in two alternative tracks, the program is designed to provide both pre-and in-service teachers with pedagogical studies that develop the participant's 21st-century competencies and enable them to be innovative educators. It engages the participants in a learning process that is both enjoyable and useful, even a life-changer. Both tracks will help you in preparation for a master's degree (Level 9) of teacher education.

The faculty are high-quality teacher educators with extensive experience and up-to-date scientific knowledge. During this program, participants acquire knowledge and skills that will help their whole community to flourish. Those who gain the most from this program will be the participant's pupils and schools. The teachers who graduate from this program will have learned how to enjoy learning, and also, how to support the motivation and well-being of their pupils.

OUR FIRST POSTGRADUATE DIPLOMA: HOW IS IT DIFFERENT THAN OTHERS?

Developed in Partnership with the University of Helsinki and HY+ Faculty of Educational Sciences

SEA'S PGDE PROGRAM PROVIDES A UNIQUE EXPERIENCE TO ITS STUDENTS:

- A journey of self-awareness and discovery
- A collaborative classroom environment
- Teaching methodologies that foster the learning process of students

“This course is a great opportunity for me, as a teacher, to get the latest information in education and teaching.”

NAILYA SHAFIKOVA

SEA PGDE Student &
Secondary School English Teacher

“This program has helped us to become innovative 21st century teachers and enabled us to manage the academic emotions that we are facing with our students on a day-to-day basis.”

MAHMOUD GBLA

SEA PGDE Student &
Secondary School Mathematics Teacher

“One of many important things that I have learned from this program is how to relate what I have studied to reality and follow proven methodologies implemented by educators in Finland.”

MOZA ALALEELI

SEA PGDE Student &
Pre-Service Teacher

Practicum
(6 credit hours)

THE POSTGRADUATE DIPLOMA CURRICULUM PROGRAM LEARNING OUTCOMES

On successful completion of this program, the graduate will have the necessary knowledge, skills, 21st century competencies, and life-long learning that future teachers shall need to successfully work in society.

On successful completion of this program, the graduate will have:

- ◆ **PLO 1** A deep understanding of the foundations of human learning, motivation and interaction.
- ◆ **PLO 2** An ability to be a life-long learner and the skills to support life-long learning in their own students.
- ◆ **PLO 3** An ability to motivate their students, promote their interest and support their well-being.
- ◆ **PLO 4** The skills and competencies to motivate students to foster societal prosperity.
- ◆ **PLO 5** The skills and competencies to design innovative learning environments and implement curriculum reforms in a successful manner.

PRACTICUM

4 CREDIT HOURS

- ◆ The fundamental purpose of the teaching practice is to offer the teacher trainee as truthful and real a picture of the teacher's work as possible.
- ◆ Teaching practice includes a lot of learning, self-development and growing to become a professional teacher.
- ◆ It enables teacher trainees to test various pedagogical methods under the guidance of professionals. In the safe learning environment teacher trainees can receive feedback, analyse their experiences and reflect their learning.
- ◆ During the practicum experience, each teacher will have two mentors, a SEA faculty member and a SPEA subject expert who serves as a school improvement advisor.

PREPARING FOR THE UAE TEACHER LICENSE

2 Credit hours course

Total course learning hours: 16 synchronous hours/ 100 asynchronous individual hours.

During this course:

- Students learn about the UAE teaching standards and the UAE vision for the coming 50 years in education, with specific expectations pertaining to all teachers in order to implement a first-rate education system.
- The students will be exposed to the teaching license examination and prepare for the exam.
